

History Year 1

Autumn 1

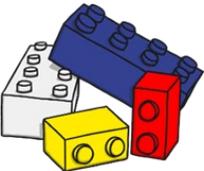

Key Facts

Toys have been around for centuries. They are commonly used in play and can provide children with enjoyable means of training. Different materials like wood, clay, paper, and plastic are used to make toys.

- The earliest toys are made from materials found in nature, such as rocks, sticks, and clay.
- Children from rich families played with dolls, toy soldiers and tea sets.
- Early dolls in England were made of wood. The body and head were made of one piece of wood.
- After the 19th century, Jigsaw puzzles were made from printed paper which was glued onto wood and cut into shapes.
- Toys are displayed in many museums in the UK for children to look at. Pollock's museum is a famous museum in the UK.

Vocabulary

Word	Definition
After	A later time.
Before	An earlier time in the past.
Material	What something is made of.
Past	Something that happened a long time ago.
Old	Something that has been around for a long time or something that is not new.

1817	1859	1902	1947	1957	1959	1987	2001 to present.
							

Knowledge and Understanding:

Children will learn:

- To compare toys from past and present.
- The similarities and differences between old toys and new toys.
- To talk about new and old toys.
- To learn about the features of old and new toys.

Key skills and concepts:

Children will be able to:

- To talk about toys using appropriate vocabulary.
- To identify the key features of toys made a long time ago.
- To identify the differences and similarities between two toys made at different times.
- To put toys in order from oldest to newest.

Key Questions

- Can you put up to five objects in chronological order?
- Can you tell me what your parents favourite toy was when they were younger?
- Do you know what before and after means?
- Why do you think the story was set in the past?
- Can you explain how a toy from the past is different from now?
