

LO: To be able to
understand how to
spend money efficiently.

Recap

Find the total:

Sasha has £3.96 and Omar has £1.24.

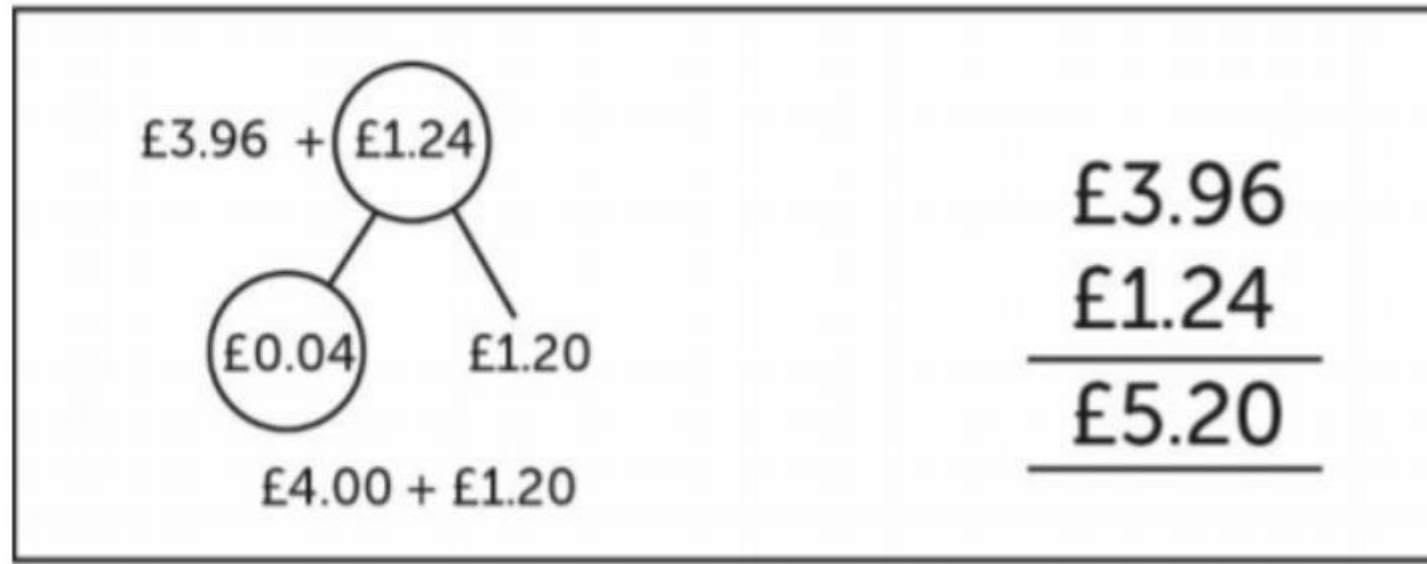

How much do they have altogether?

Answer

Recap

Sasha has £3.96 and Omar has £1.24.

How much do they have altogether?

We are going to be making choices about spending money:

You will have 2 options on every slide: **Spend more** vs **Spend Less or no money**

You will choose one of the options and give reasons for your choice.

Q1: Which one of the following will you choose and why?

Would you choose to **spend more...**

**buying a console game
to play by yourself?**

£40

Would you choose to
spend less or no money...

**going on a bike ride with
friends or family?**

£0

We are going to be making choices about spending money:
