

# R.E - Communities

L.O: To recognise the importance of difference groups within our communities

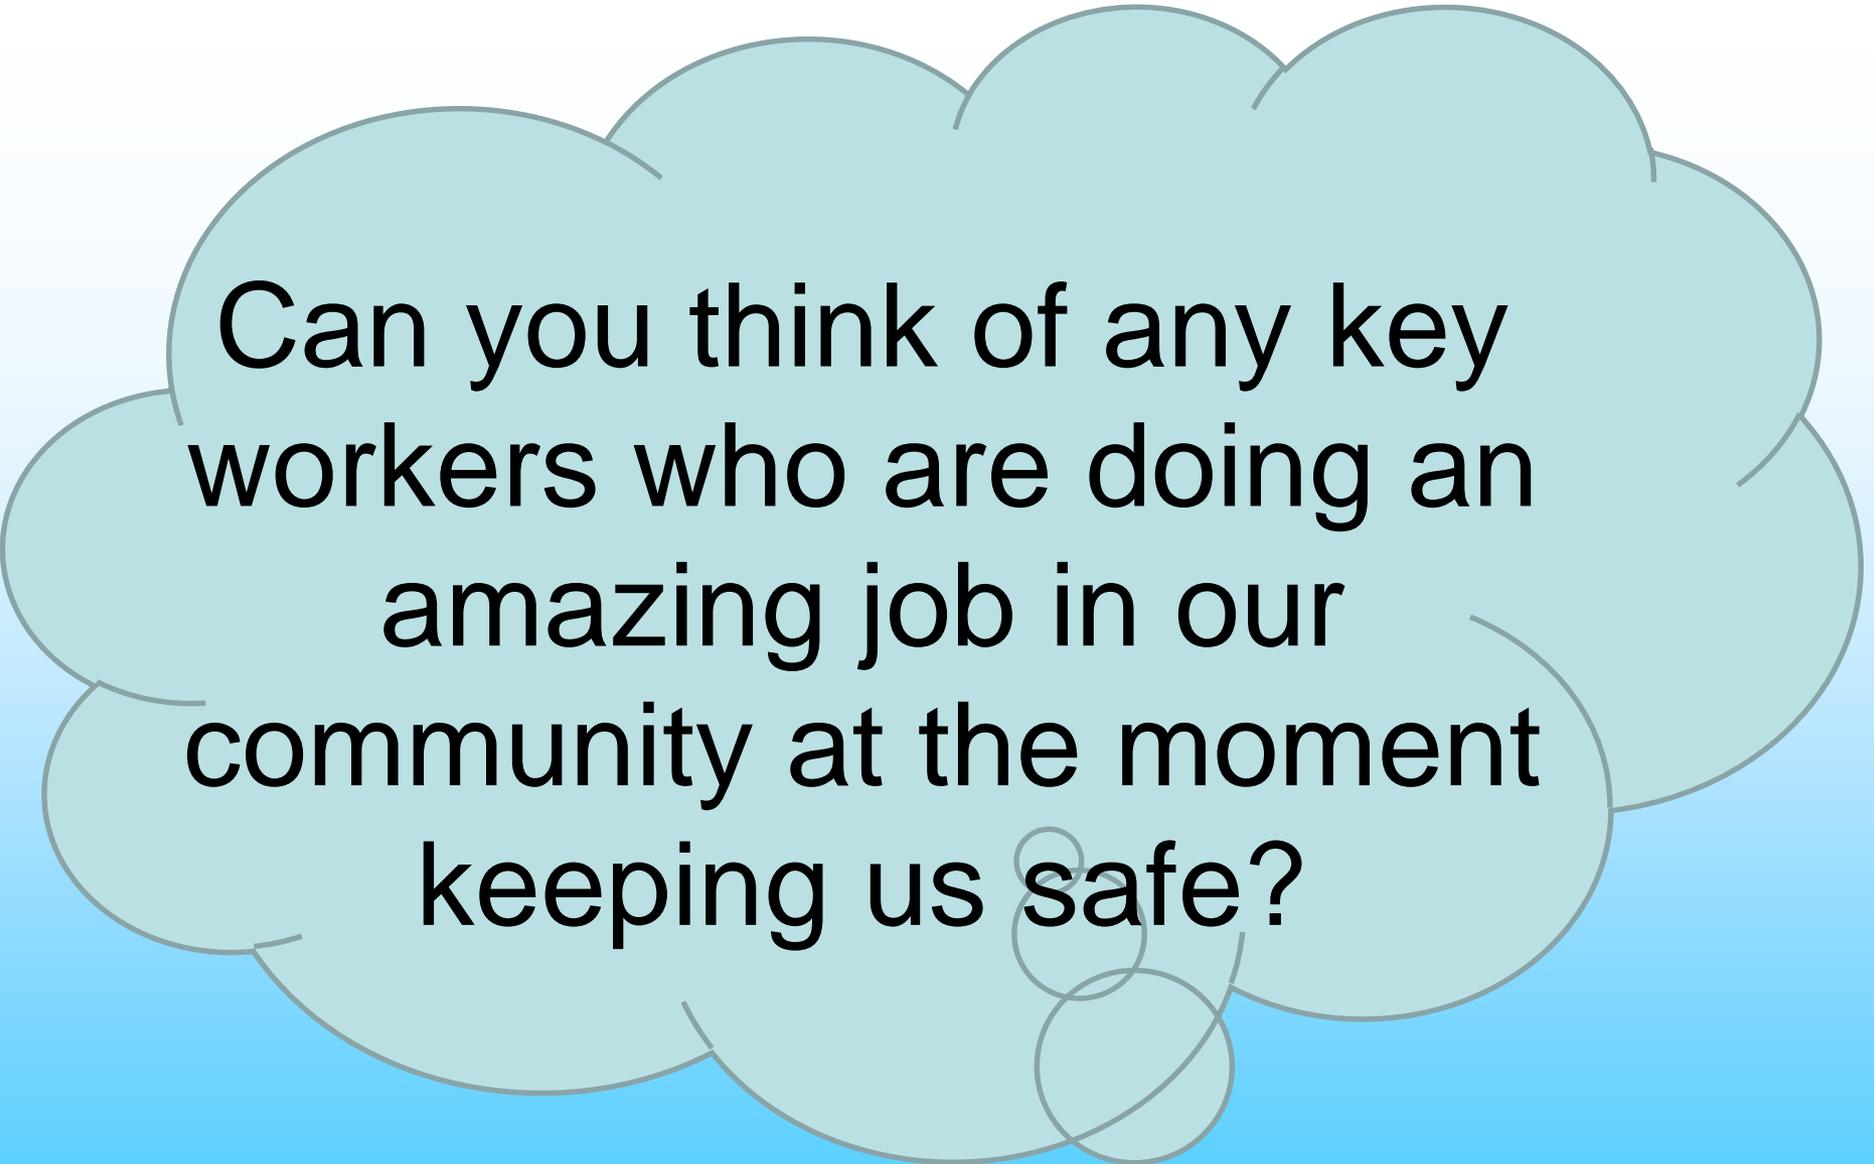

Week beginning 11<sup>th</sup> May 2020

# Religious Education

In R.E, we have been learning about different communities.

We live within a community which has different important groups.

This week are going to focus on key workers and the important job they do in our community.

Can you think of any key workers who are doing an amazing job in our community at the moment keeping us safe?

# NHS Workers

This group of people consist of ambulance workers, doctors, nurses, people who work in hospital offices.

They are making sure we have medical care and support if and when we need it.

# Bin Men

This group of people are making sure our communities are kept clean and tidy.

They make sure that our community is clear of rubbish that might encourage rats and mice. If this was to happen we would have other health problems.

# Shop workers

This group of people are making sure we have ALL of the essentials we need in order to survive – food, medicine, electricity and gas (if we have a prepayment meter)

# Delivery drivers

Delivery driver are making sure that shops are supplied with everything we need. Food and groceries.

They are also delivering essentials like medication to hospitals and pharmacists

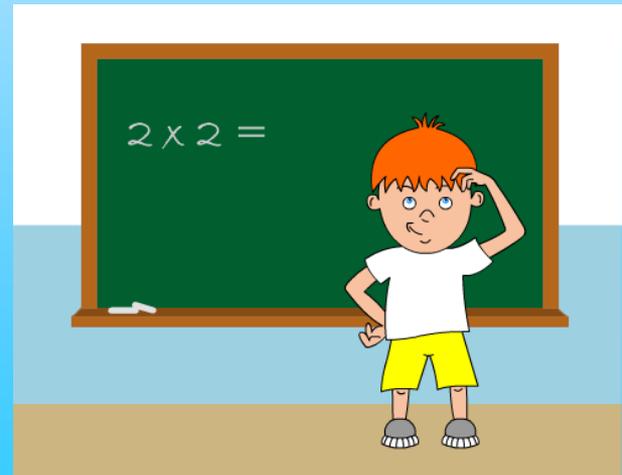

# Police and Firemen

- These emergency service people are making sure our streets and communities are kept safe and that everyone is following the guidelines we have to follow regarding social distancing.

# Teachers

- Teachers are providing online learning for pupils who are at home during lockdown. They help to keep schools open so that children of keyworkers have a safe place to go whilst their parents go to work.

# Activities for you to do

It is really important to remember that all of the **Key Workers** no matter what their job is, put their lives at risk of catching Covid-19 every day.

They are also putting their families at risk. It is also important to remember that without **Key Workers**, we would live in a community which could be unsafe, dirty which would result in many more sick people.

**We NEED to be thankful.**

**Activity** – You can either choose to write a letter, create a poster or write an acrostic poem for a Key Worker, thanking them.

*There is an example of the following page of an acrostic poem.*

## Acrostic poem

**N**ever have you left me on my own

**H**elping me and my family and never moan

**S**erving a nation and putting yourselves at risk

– for this we thank you!
