Everyone kept themselves safe inside the ship and ended up falling asleep. In the morning, the storm was gone and the sky had cleared up. Mrs Tredegar was so proud of her crew. She tied the ship as it was the end of their adventure.

The sky turned dark and everyone got worried. A storm was on its way! It made them feel frightened. The sky crackled with lightening, so they decided to hide inside the green ship.

Alice and her brother are on holiday at their aunt's house. They discovered a beautiful garden that looked like a jungle. Whilst walking, they found a large wall. They decided to climb it. On the other side was a large green ship made of bushes.
