**That your child does not have any device at home to access Google Classroom**

**We loaned out over a 100 laptops to families who did not have access to any.**

**Your child was unable to complete the work in the time set each day.**

**We have extended the submission time from 4pm to 7pm each day and any incomplete work is left on Google classroom for you to complete in your own time.**

**You're not always able to join the morning registration sessions on Google Meet.**

**We recorded the morning registration sessions so that children can go back and watch these if they were unable to attend the meeting.**
